Memo

Letters Nos 1535 and 1962 dated 26th August and 12th October 1881 from the President, Municipal Commission—

In consequence of the change of boundary of the (late) Cantonment of Bangalore caused by the assignment of the Civil and Military Station of Bangalore to the British government, it became necessary to revise the boundaries of the several Municipal Divisions of the Cantonment and to form new Divisions and define their boundaries. The Municipal President has submitted two maps

in both of which the several proposed Divisions have been shown in colours, and in one of them, the boundaries of the old Divisions are shown by colored border lines—

The boundaries of the proposed Divisions are given in detail in the Enclosure to the President's letter No. 1535 of the 26th August 1881.

2. The old Divisions were six in number, named as follows:—

No. 1, Ulsoor Division
2, Shoolay Dn
3, Arab Lines & Fort Dn
4. Grand Bazaar Dn
5. Blackpalli Dn
6. Asylum Dn

3. The change effected in the boundary of the Cantonment has also had the effect of adding a few pieces of land here & there and of taking away other strips of land in other places. The ~~largest~~ additions are insignificant, but a large piece of land ~~was~~ on the western side of the Cantonment, constituting as it did nearly the whole of the old No 6 (High Ground) Farm has been transferred to the Fatta of Bangalore.

The additions really arise from the fact that the villages whose commons were given to the Municipality in 1890 were never formally brought within Municipal limits & were not brought within conservancy operations

4. Thus the Civil and

Military Station now
consists ~~only~~ of four
divisions only under the
old arrangement. The
Municipal President
now divides the
tract consisting of
these five divisions
into six -

5th The new No 1 Div.
has large additions
made to it in the
North, east & South,
and has become
very large in size.
But the additions
which consist of
the Artillery Practice
Ground and a few
pieces of land added
to make the Divisional

Boundary coincide with the boundary of the Civil & Military Station, are not likely to add to the work of the Commissioners of the Divn - ~~It~~ The Divn may therefore be left to remain as proposed - The Moor tank and a small piece of land immediately to the south of it, which formed part of the old (No 1) Divn are now taken away from the Divn - The piece of land is included in the new No 3 Divn, but the tank is not included within the limits of any Division -

The tank bed should be included in one or the other adjoining division

6. The old No 2 & 3 Divisions, with a small

strip of land added in the South, and with a small piece in the West taken away by the Patta; are now proposed to constitute the new No 2 Division - The Fort formerly belonged to No 3 (Arab Lines) Divn. It is now taken away from it, and has not been included in any other Divn, nor has it been constituted into a separate division by itself.

7. The old No 4 and 5 Divisions & a small piece left out of the No 6 Divn have now been divided into four Divns Nos 3, 4, 5 & 6 -

It is continued to be included in No 2 Divn

This is probably an oversight which should be rectified.

The proposed Nos 3 & 4 Divns are very small in size. It may be said of No 4 that as it contains the greater portion of the Cantonment Bazaar the work there is heavy; but then a great portion of No 3 Division consists of Barracks, and the working portion cannot be much. It may perhaps be convenient to constitute the proposed Nos 3 & 4 Divns into one —

8. If this be done, the proposed No 2 Div^n (which consists of the old Nos 2 & 3 Divns) may

These barracks are not formerly in any division I believe. When conservancy is worked, I suppose, by the Military authorities, yet for purposes they should be included in a division

be divided off into
2 Dwns as before,
and the Fort may,
as before, be added
to No 3 (Arab Lines)
Dwn —

9. The Moor tank
may be included in
No 1 (Moor Dwn).

10 The President
has not given names
to his proposed Divisions,
but it will be convenient
to know them by names.

HK 15/11/81

11. The Rifle Butts which
have been ~~added~~ ordered
by the Govt of India
to be included within

The Butts have since been removed to another locality, with the approval of the Govt of India. HK 16/3

the limits of the Civil and Military Station will have to be added on to the proposed No 6 Division

LL

The Govt of Madras will probably write about the Rifle butts immediately & their inclusion will necessitate a revision of the Divisions. In any case it will be most convenient to notify the divisions after the revised rules are passed by Govt. so this matter may perhaps lie over for the present

W.J.C.

This is awaiting for the orders of Govt. (Foreign) sanctioning the draft Municl. regulations as soon as that comes this redivision may be carried out.

As the butts are to be removed there is no necessity to change the boundaries & include the Rifle Ranges. BZ 10/3.

Memo

This file has been kept undisposed of, pending the sanction of the Government of India to the new Municipal Regulations. As the new Regulations have now been published, the file is re-submitted for orders.

2. If the Divisions proposed by the Municipal Board be approved, the Commissioners may be requested to provide for the bed of the Ulsoor tank and the Fort in ~~the~~ one or other of the proposed Divisions. It may also be pointed out to the Municipal Board that a small piece of land to the East of Boundary Stones VII, VIII and IX has been transferred to the Petta with the approval of the Government of India (vide Foreign Deptt No 418 I. dated 16th Feby 1883), and that the necessary alterations should be made in the description of the boundary of the proposed No 6 Division. The transfer to the Petta of the roads from Boundary stone XI to Boundary stone VII, which has been sanctioned in the letter above referred to, may also be

Q.

Communicated to the Board.

3. A map showing the present and proposed Municipal Divisions is herewith put up.

KA.
16.3.83

address the Mun^l Board is proposed.

Draft.

DG 17/3

Draft subd.
Lilk 20/3/83

4. The President, Municipal Commission, was addressed in the terms of the above note, in this office letter No. 2793/134 dated 21st March 1883, and he was requested to submit for approval a revised Memorandum specifying the boundaries of the proposed Municipal Divisions. The President was also requested to state at the same time the exact limits of the Municipality so that they may be notified for general information.

Letter No. 876 of 13th July 1883.

5. The President has now submitted a map showing ~~the boundaries of~~ the present and the proposed Divisions and an amended Memorandum specifying the boundaries of each of the proposed Divisions.

6. Under the proposed arrangement, the Municipality is

divided into the following six Divisions which are shown in colours in the map:-

I. Ulsoor Division
II. Southern Division (including Shoolay, Arab Lines and the Fort of Bangalore).
III. East General Bazaar Divn.
IV. West General Bazaar Divn.
V. Cleveland Town Divn.
VI. High Ground Divn.

The existing Municipal Divisions are shown in the map by coloured border lines and are six in number:-

I. Ulsoor Division.
II. Shoolay Division
III. Arab Lines & Fort Divn.
IV. General Bazaar Divn.
V. Blackpalli Division
VI. High ground Divn

6. I have compared the boundaries of the several proposed Divisions as shown in the map with those specified in the Memorandum

and have not found any discrepancy. The Mysore Cantonment has, it will be observed, been included in No. III. East General Bazaar Division, and the Fort in No. II. Southern Division. The small piece of land which was recently made over to the Petta of Bangalore with the sanction of the Government of India has been excluded from the Municipal Division to which it belonged.

If the Resident is pleased to approve of the proposals now made, the Memorandum of boundaries of Divisions covered with the President's letter may be notified for general information, under Section 3 of the Regulations which requires that the "Civil and Military Station "of Bangalore shall be "divided into as many "Divisions as the Resident "in Mysore may determine."

7. Her President has taken no notice of the request made in the last paragraph of this Office letter No. 2793/134 dated 21st March last, to the effect that the limits of the above Municipality should be reported. This request was made because in Section 2 of the Regulations the Expression "Municipal limits" is defined as being "the limits at present known or for the time being fixed by the Resident in Mysore by notification in the Official Gazette, as the Municipal limits of the C & M Station of Bangalore"; and because it was considered desirable formally to fix the limits of the Municipality. It may be considered perhaps that when the several Municipal Divisions are separately

defined by Notification, it will follow as a natural consequence that all the Divisions together will make up the whole Municipality, and that therefor it is not necessary to specify the limits of the Municipality separately. Orders are solicited on this point.

8. As the proposed Municipal Divisions differ greatly in extent from the existing Divisions, some changes in the body of Municipal Commissioners will become necessary when the new Divisions are sanctioned. The following example will illustrate the case. What are now the Shoolay and Arab Lines Divisions (including the Fort) are now proposed to be made into one Division called the Southern Div^{n}.

At present, there are two
Commissioners for the
Khodday Divn., two for the
Arab Lines Divn, and one
Additional Comr for the
Fort, in all 5 Commrs
But, for the proposed
"Southern Divn" only two
Comrs will be required
under Section 3 of the
Regulations, with perhaps
an Addl Comr for the Fort.
Thus there will be two Comrs
too many in the Southern
Divn Again, what is now
our Divn (General Bazaar)
is proposed to be made into
two Divns (East Gul Bazaar
& West Gul Bazaar).
At present, there are only
two Comrs for the General
Bazaar Divn, but the
two new Divns will

Ratepayers & Councillors. Again it may happen that by the change in the Divisions, a Councillor for one Div.n under the present arrangement may ~~become~~ have his house situated in another Div.n under the new arrangement and his services may consequently have to be transferred to the latter Division. Such changes will have to be notified. I think therefore that when the new Divisions are sanctioned, the Presidents may be asked to report how the Board intends to allot the existing Mun.l Councillors to the several proposed Divisions of the Municipality.

18.8.83

9. I beg to submit herewith for approval a draft Notification regarding the new Municipal Divisions which have been recently sanctioned. The Offg President has remarked on the preceding page that "the map has to be altered between Boundary Stones "11 and 10 of No. VI Division." The change referred to would, in my humble opinion, necessitate an alteration in the Western boundary of No. VI Municipal Division, and the draft Notification cannot issue before that point is decided.

Mysore

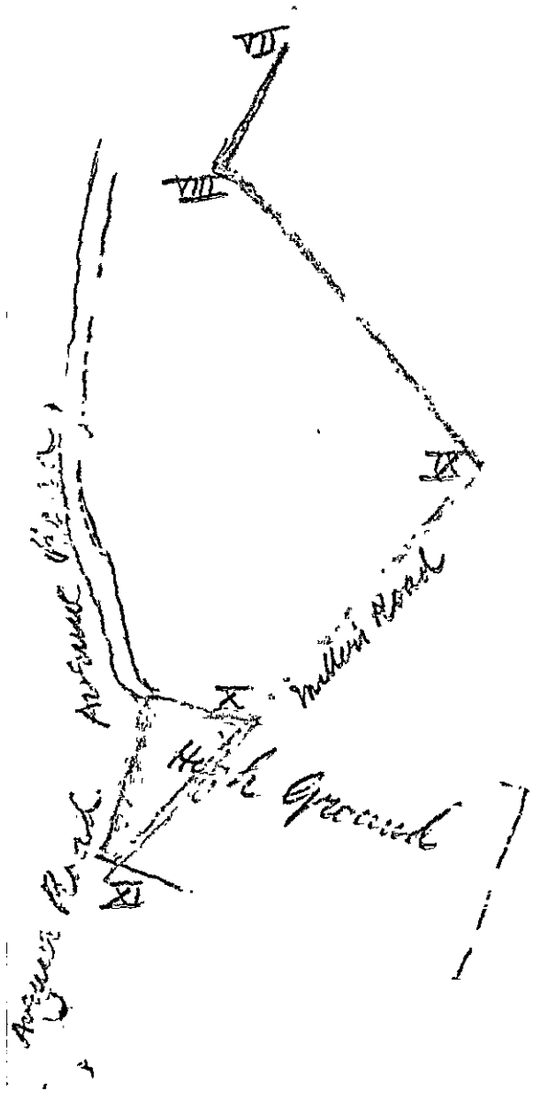
L. H

10. In the Memorandum containing a description of the Boundaries of the C & M Station of Bangalore, which was prepared a short time before the Reduction,

and

and which received the sanction of the Government of India, the whole of the Hospl Ground was included within Station limits, and the boundary line which was brought down along Miller's Road, was made to branch off to the West at B. Stone X ~~and~~ for a short distance and then turned to the South along Avenue Road till it reached B. Stone XI; (vide paras 11 & 12 of the printed Memo: Pandum herewith submitted). This is the boundary which has been followed by Major Maltby in his Mem: regarding Municipal Duties now under disposal.

Last year, however, certain changes in the boundaries of the C & M Station were recommended by the late Dewan, who suggested, among



No 29 Dated 20th August 1882.

other things, that the roads from Boundary Stone XI to B. Stone VII should be transferred to the jurisdiction of the Petta of Bangalore. This proposal, along with others contained in the Diwan's letter, was sanctioned by the Government of India in letter No. 418 I. dated 16th February 1883.

11. Thus the road across the High Ground running from B. Stone XI to B. Stone X has been transferred to the Petta, and the question now is whether the small triangular piece of land forming a portion of the High Ground which is situated to the west of the road above referred to has also been transferred to the Petta. No mention of this piece of land was made either in the Diwan's letter or in the subsequent correspondence between this Office and the Govt

of

of India on the subject
From the wording of the Dewan's
letter it would seem that the
road was all that the Mysore
Government was anxious
to obtain. If, however, it
be considered that from the
very fact of the road having
been made over, it must
be inferred that the road
has become the boundary
of the C & M Station, and that
the triangular piece of land
to the west of it belongs
consequently to the Petta,
the result would be to
divide the Hospital Ground
into two unequal parts,
giving one portion to the Petta
and retaining the other in
the Station, a measure which
was evidently considered
undesirable at the time
the boundaries of the
Station were originally
fixed. On the other hand,

of the old boundaries of the Station be adhered to, the whole of the High Ground will be within Station limits while our road running across it between B. Stones XI and X, will be in the hands of the Durbar. The decision on this point will decide the western boundary of No VI Divn of the Municipality, whether it is to be Miller's and Avenue Roads as stated by Major Maltby, or Miller's Road and the Road across the High Ground running from B. Stone X to B. Stone XI. Orders are respectfully solicited on the point.

12. I beg to state here that the Dewan was recently requested by the Resident to notify in the Mysore Gazette the boundaries

No. 759/150 dt 7th July 1883.

of the C & M Station of Bangalore as altered by the recent orders of the Govt of India. It remains to be seen what view be taken on the point referred to above

13. The correspondence regarding the alteration of the boundaries of the C & M Station is herewith ~~sub~~ for reference.

LL
29.8.83

14. Ordered by the Asst Resident that under the terms of Foreign Dept Letter No. 418 dated 16th February 1883 and the correspondence which preceded it, the road across the High Ground from B. Stone X to B Stone XI - should be considered the boundary.

15 The Notes regarding Municipal Drains has been altered accordingly.

LL
1.9.83

16. The Notification altered in accordance with the above orders has been published in the Gazette of India, Part II and in the Mysore Gazette of the 15th September 1883.

In the same issue of the Mysore Gazette appeared a Notification by the Dewan of Mysore (2348 of 14th Sep/83) notifying the altered boundaries of the C & M Station of Bangalore, issued in compliance with the request contained in this office letter No. 759/150 dated 9th July 1883. It will be seen from the last paragraph of this Notification that the whole of the High ground has been included within the limits of the Station, whereas our Notification prescribing the boundaries of the Station Municipal Commissioners excludes from the

C & M Station the triangular piece of land in the High Ground to the west of the Road between Boundary Stones X and XI. I pointed out this discrepancy to the Asst Resident at Bangalore and he was pleased to direct me to submit the matter to the Resident here who would probably dispose of it in consultation with the Dewan.

17. It was the original intention of the Government to include the whole of the High Ground in the C & M Station, and it does not clearly appear from the late Dewan's letter No 29 dated 20th August 1882 that he intended to make the road across the High Ground between B. Stones X & XI the boundary of the Station, although he wanted the road

between those two Stones.

With the above Remarks, the matter is submitted for orders.

18. A sketch map of that portion of the C & N Station which forms the subject of the above Remarks, is inclosed in the Deputy Secretary's letter No. 343/163 dated 19th September 1863, in this file.

CLL
5/10/63

I have been through the correct again, and I think the notification is wrong & must be amended. The Deputy notification is right & in accordance with the instructions & the correspondence

I don't think the
cowpath shows that
the old road over
the high ground
from X to X1 ~~this~~
was to be transferred
or has been transferred
to the Pettah.
I think Mr. Dewan
in taking the road
from Pettah to the
Railway Station
was thinking ~~of~~ ~~the~~
at this point in
question, not of the
direct road, but
the road ~~road~~
making an angle
round this point of
the high ground.
Does not this mark
that requires to be
done is to open
from notification
following Mr Dewan
and Mr Ludekens
exact N. Index &

Mr Dewan. Can you kindly let me know if
there is anything further required in connection
with the Pettah Railway Station
before the Plan is finally signed
Mr. Ludekens application

General No: 1535-42 dn with 1 map

Submits for Resident's sanction a map of the newly defined limits of the Civil and Military Station of Bangalore with the proposed boundaries of Municipal Divisions marked thereon.

The Chief thing to see is whether any changes (beyond what are necessary owing to the limits of the Civil Station being separated from those of the Cantonment) are proposed in the Divisional boundaries

With the President does not say. If the Cantonment Divisional limits are easily accessible compare the new and old because if changes in the external boundaries have been made the reason for doing so should be given

By the way Nos 1 & 3 are described the bed of the Ulsoor tank is in no division at all which is I think a mistake.

Were the boundaries gazetted "formerly"?

President Municipal Commission
Civil & Military Station Bangalore

No. 2793 Rec: 6
134.

Office of the Resident in Mysore
Bangalore 21st March 1883

To

The President, Mun.l Com.rs,
C & M Station of Bangalore

Sir,

With reference to your letter No. 1535 dated 26th August 1881 on the subject of Municipal Divisions, the disposal of which has been delayed pending the sanction of the Government of India to the new Code of Municipal Regulations, I am directed by the Resident to point out that ~~by the way~~ the boundaries of the 8 Divisions are described in the Memorandum received with your letter, it appears that the bed of the Ulsoor tank is not included in any Division. The tank should now be included in one or other of the above named Divisions.

It would seem from the way in which the Fort of Bangalore is ~~coloured~~ coloured on the map which accompanied your

1884
21/3

from the manner in which

not withstanding that the
direct charge of it may
be in the hands of the
Mily authorities.

letter, and which is hereunto forwarded*, that it is intended to include it in the proposed No. 2 Division, but it is not mentioned in the Memorandum as a part of No. 2 Division, nor are its boundaries specified therein. I am to suggest that the Fort and its boundaries be specified under the proposed No. 2 Division.

* to be returned with the reply

2. I am also directed to state for the information of the Board that at the request of the Mysore Darbar, it has been decided, with the approval of the Government of India, to transfer to the jurisdiction of the Peta of Bangalore the roads from Boundary Stone XI to Boundary Stone VII and a small piece of land which overlooks H.H. the Maharaja's Palace marked on the map with red pencil. Copies of the

correspondence on the subject is herewith submitted for the information of the Board.

The transfers above referred to will require some alterations to be made in the boundaries of the proposed Municipal Divisions. I am therefore to request that an amended Memorandum of boundaries with the alterations above suggested, be prepared and submitted for the President's approval.

3. It is also requested that Names may be suggested for the several Municipal Divisions proposed by the Board.

4. At the time the several Municipal Divisions are prescribed, it is very desirable to specify also the limits of the whole Municipality as required by the definition of the term "Municipal limits" in Section 2 of the Regulations. I am accordingly to request you will be so good as to state the exact limits of the Municipality which

Map to be inserted for approval. CLC

will be brought within the
scope of the Code of Municipal
Regulations recently sanctioned
by the Government of India.

Draft for approval

On the subject of the Municipal divisions of the Civil & Military Station of Bangalore.

No. 876 & list & Map

Office of the Municipal Commission,
Civil and Military Station,
Bangalore, 13 July 1883.

From

The President,
Municipal Commission,
Civil and Military Station,
Bangalore.

To

The Assistant to the Resident in Mysore,
Bangalore.

Sir,

In reply to yours No 2793/134 dated 21 March 1883, I have the honor to submit a list & map shewing the boundaries of the proposed Municipal Divisions of the Civil and Military Station.

The Station Boundary has already been fully demarcated (vide letter no. 315/104 dated 16 May 1881 from the Assistant to the Resident in Mysore) and stones put up.

The only alteration in the said Boundaries that has taken place since the Rendition is that ordered in No. 2793/314 dated 21st March 1883, and this alteration has been attended to in fixing the boundaries of Nos 5 and 6 Divisions.

I have the honor to be,
Sir
Your most obedient
servant
[illegible]
President Municipal Commission
Civil & Station Bangalore

Office of the Resident in Mysore
& Bangalore 10th September 1883

To

The President, Mand Commrs,
C & M Station of Bangalore

Sir,

I am directed to inform you that the Offg Resident has been pleased to sanction the new Municipal Division recommended in your letter No. 876 dated 13th July 1883, and to forward herewith a copy of the Notification which has been issued on the subject. A change has however been made in the western boundary of No. VI (High Ground) Division by substituting for the words "Avenue and Millers' Roads" the words "Millers' Road and its continuation along the High Ground up to Boundary Stone XL," as, under the terms of Foreign Department letter No. 418 I. dated 16th July 1883, the latter appears to be the present western boundary of the C & M Station. The map of the C & M Station should be altered accordingly.

Note on the alteration made in the last para of the Notification.

2. I am desired to request

you will be so good as to
report what will be the
effect of the new Divisions
upon the appointments of
the present Municipal
Commissioners and in what
manner it is proposed to
allot them to the new Divisions.

Office of the Resident in Mysore
Camp Mercara, 15th November 1883

To

The President, Municipal Commission,
C & M Station of Bangalore.

Sir,

In continuation of this office letter № 1280-95 dated 10th September 1883, I am directed to forward herewith copy of a Notification № 19 of this date, amending the Notification which prescribed the limits of the several Municipal Divisions.

† № 16 dated 10th Sept^r 1883.

The Off^g Resident is of opinion, on a reconsideration of the correspondence on the subject, that it is the intention of Government to keep the High Ground intact within the limits of the C & M Station and that therefore the Avenue and Millers' Roads are properly the Western boundary of № VI Municipal Division, and not the road running across the High Ground between Boundary Stones X and XI. I am accordingly to state that the order conveyed in my letter of the 10th September for the correction of the Station of the Map

may

may be considered as cancelled.

I have, &c.

A. Hyslop

Aptc. to the Resident.
